

Namaste Dear Parents,

I hope that both you and your wards had a wonderful break. Dussehra is so symbolic of a good beginning and that is exactly what we are looking forward to. All signs point to another incredible and productive term.

As soon as school begins, we will rush headlong into preparations and practices for the Founder's day programme. We are sure that it will be another memorable celebration.

Moving on with the need of the hour, we are also expanding in terms of adding a different curriculum to our base- the IGCSE. Suchitra will now offer CBSE as well as IGCSE Curriculum.

We believe that today, it opens the gateway to higher education wider in both our country as well as abroad.

Cambridge helps students become confident, responsible, reflective, innovative and engaged. Ready to tackle the demands of tomorrow's world, capable of shaping a better world for the future. That's why success with Cambridge opens doors to the world's best universities – in the US, the UK, Australia, Canada and beyond.

Initially, we will begin with a few classes and slowly in time add more levels.. At the same time, we would like to assure you that we stay committed to CBSE Board too.

Educational trips are among the most prominent of the formative years, largely because they are a welcome break in the routine for both students and teachers. While their purpose is essentially to educate, they can also be a fun bonding experience for everyone involved. Grades IV and V went to Vikarabad and the rest went to Kodaikanal- what a host of memories they would have made! Parents were overwhelmingly happy with the enthusiastic and happy tales that the children regaled them with and below are some of their 'thank you' notes!

FROM VIKARABAD!

It has been a very well planned and meticulously coordinated outing and exposure for our kid. He thoroughly enjoyed the excursion .

This trip was filled with outdoor activities which the kids enjoyed thoroughly and had lots of fun. Thank you all for taking care of the kids.

Thanks for taking care of the kids
...Awesome trip, kids had a wonderful time. We appreciate the updates received via WhatsApp - prompt communication...special thanks Mary Ma'am and the team!

It was a great fun filled experience for our son. Thanks to the coordinating team for organizing such a wonderful trip. Awaiting eagerly, but patiently for the upcoming trips.

AND THEN THERE WAS KODAIKANAL!

Thank you so much, my child really enjoyed the tour, he cannot get over his experiences . I was really scared about the tour, but listening to my son's words - I am happy. He had enough trust on all his mentors and friends. The trip was a success , thanks to all my son's friends for caring for him, he just loved everything he did. Overall, the trip was a crazy lifetime experience for my son, I am very thankful to the tour operators for encouraging him and thank you to all the teachers for making my son happy.

Surya enjoyed the trip. Food was very good . Well planned and organized. Kudos to the organizing team for taking care of each child so well.

The itinerary was awesome...My child was very happy....He told us that this was his best excursion...The food was so good.....The tour operators were awesome.

Sahith enjoyed the trip.He says the Kodai camp was the highlight of the tour. He liked Tamil cuisine. I liked the way you all planned without compromising on anything. Thanks for taking care of my child.

The trip was a wonderful experience for the kids. The destination was a very good choice. It was well planned and according to my child went exactly as per the itinerary. The kid was well taken care too!

My child thoroughly enjoyed the whole trip. Adventure activities, transport was all planed well. Thanks to the school and Manga Ma'am for taking good care of the kids.

Thank you so much for taking care of our kids...I am sure it was a very tiring and exhausting few days for the mentors ... It's not easy to take care of so many teenagers. So thank you once again... My kids enjoyed the trip to the core.

My son Krshiv was very happy with the first 2 days. The last two days- he felt that hygiene was not maintained.

My daughter Priyom also enjoyed the trip though she had a little fever. Special thanks to Manga ma'am for taking care of her. Destination and activities were good. Everything was well planned except the time of arrival. As per the mail and meeting it was intimated that kids will reach the school by 5 or 5.30 p.m. So we planned accordingly but, there was change. Other than that everything was fine. It's not a easy job to handle so many kids and for that a big thanks to entire team!

Hope you have noted the details - regarding change in school closing time. (upto 3.30pm)..
