Namaste Dear Parents,

Here's the fortnightly round up of the medley of activities at Suchitra.

Please read on for some interesting news from the Campus....

TEACHERS' ACT ON 'UNITY IN DIVERSITY'

We must inculcate in our little ones a feeling of pride in their nation's diversity and teach them respect for their country. So what better time to do that than when the nation celebrates 'Independence Day' and we at school are 'Discovering India' through the present theme.

To show the kids the uniqueness of our country and the underlying unity that strengthens us, on **Monday, 5th August** the teachers put up an act on 'Unity in Diversity'. Through this simple act, teachers showed how people from diverse backgrounds and speaking different languages, co-exist in harmony.

COLOUR OF THE DAY 'ORANGE'

Unity in Diversity marks the celebration of Orange Day!!

Orange is a dynamic colour that stimulates imagination and creativity. On **Friday, 9th August**, Pre-primary celebrated Orange Colour Day.

Orange Day was celebrated with the sole objective to acquaint the little ones with the concept of this secondary colour. Our kids dressed in shades of vibrant orange

radiated the warmth of red with the cheerfulness of yellow.

Kids observed how to get this secondary colour by mixing two primary colours 'red and yellow'. Various art and craft activities were conducted to make learning fun and colourful. The Sr KG kids were given on the spot objects and encouraged to touch, feel, think and frame sentences in their own words, of which kids did an amazing job.

RAKHI MAKING

Raksha Bandhan is one of the most endearing ways to celebrate the love, affection and bond between brothers and sisters. Kids see this time of their lives as a time they cherish with their loved ones, but this year our kids were motivated to create 'Bond Beyond Blood'. On **Tuesday, 13th August**,

Children were encouraged to make colourful Rakhis and tie these to kids who do not have a sibling.

FANCY DRESS COMPETITION

Fancy dress competition was held on **Wednesday, 14th August**, the Nursery kids came beautifully dressed and the characters of their dressing up varied from that of Rani Laxmi Bai, to Bhagat Singh, to Subhash Chandra Bose and many others.

To create awareness of cultures and customs of other countries, kids are being introduced to countries like Germany, Japan and France. To start with, kids are learning a few words spoken in these countries. To understand the costumes of these countries our Jr KG and Sr KG kids came dressed as Japanese, German and French and spoke a few words. Some kids also spoke sentences and sang rhymes in these languages.

It was the most awaited event, as it is always a pleasure to watch the little ones dressed up. The enthusiasm and zeal with which the children participated and performed were extremely commendable. The winners of the Fancy dress competition are as follows

Nursery

1st – MishaaJonnada

2nd – Dhruv Surana

3rd – Parv Agarwal

Jr KG

1st – JanvikaAadhyaPasupuleti

2nd – Hridaa Jain

3rd –SamanvithaBandi

Sr KG

1st – Kaja.ShreyasiEvangelene

2nd – Sambhav Tiwari

3rd - PittalaRithwvick Chaitanya

**FORTHCOMING EVENTS**

Thursday, 22nd August - Visit to SarvaDharm Sthal

Friday, 23rd August - Janmashtami Celebration

MUN- CLOSING CEREMINY

The closing ceremony which concluded the successful two-day MUN conference had Mrs. Anuradha Reddy, Member, INTACH and Mr. Kalyan Raygalla, educationist in attendance. A cross cultural dance which was nothing short of a breath-taking spectacle was appreciated by everyone.

It is noteworthy that all committees of the United Nations passed their resolutions with consensus. Ms. Anuradha Reddy, the chief guest spoke about how everything has a history and it is our duty to research and find out that indelible truth behind even a minor event or thing that happens. Mr. Raygala also spoke of his experiences with government schools and probably lit a spark with the students about wanting to give back to society. Individual and team prizes were given away to the excitement of all.

A high- tea was organized and proved to be an apt end to two

days of hard-core debating, negotiating and passing resolutions - a time to promise people to keep in touch , a time to let their hair down and dance to the music!

SPECIAL ASSEMBLIES

Grade II D presented their special assembly **WE ARE ALL UNIQUE** on **Tuesday, 6th August**. The show was intended to promote respect and inclusion of all. Each and every person is different laying credence to the quote- 'We are all unique and have our own special place in the puzzle of the universe.'

The students of Grade XI A presented their Special Assembly on the topic **BE A VOICE, NOT AN ECHO** on **Friday, 9th August**. The students

emphasized on the message on being a voice not an echo because normal isn't the standard, it's a mere perception. A NukkadNatak was enacted where they

voiced their opinion

on various campaigns organized at the school and the impact the message had on them like, anti-bullying, cleanliness drive and the class library, to name a few. The assembly concluded with a song and the message 'of being different.'

QUIZ COMPETITION

After a series of activities on **UNUSUAL PETS AROUND THE WORLD** by Grades I and II, the project finally came to an end with the hosting of a Quiz Competition checking the knowledge of unusual pets in four countries- alpaca, cricket, terrapin and hamster.

YOUNG SCIENTISTS AT WORK

On **Thursday, 8th August**, as a part of the special activity "I'm a Scientist", students of Grades I, II, III and Stages 1, 2, 3 experienced hands-on science learning.

While the students of Grade 2 and Stage 2 took up the challenge to build the tallest building using only 10 straws, Grade 3 and Stage 3 tested the strength of a paper and blew balloons using baking soda and vinegar. Our younger scientists, that is, students of Grade 1 and Stage 1 enjoyed creating new colours by mixing different colours.

THE FIRST START UP

"The first step is a step of faith and the second comes from experience."

Grade V students took their first step of faith by running food stalls for children of the school and then took the next step of experience by fixing the problems encountered as they presented their project to their parents this week. A big hit of the season- The Grade V Food Company made a huge profit with just no food left on the table. Thank you parents for being a support!

HARITHA HARAM

As part of the **HARITHA HARAM PROGRAMME**, Hon'ble Minister Shri. Ch MallaReddy, Dr. BonthuRammoham, Mayor, Hyderabad, Mr. Dana Kishore Commissioner, GHMC, Mr. Sambipur Raju, MLC, Mr. KP Vivekananda, MLA Qutubullapur, Mrs. Padma Pratap Goud, Corporator Jeedimetla, Mr. V Krishna, Addl Commissioner UBD GHMC took part in a plantation drive in Suchitra Academy on

Thursday, 8th August.

Mr. Malla Reddy enlightened the students about the importance of trees and why the Government of Telangana is focusing on Harita Haram. The program concluded with Mr. Praveen Raju, our Managing Trustee announcing that Suchitra Academy would contribute a sum of Rs. One lakh to GHMC towards the Haritha Haram programme of Government of Telangana.

ACTIVE LIFE

Children of Grade IV are involved in discovering what all they can do in order to NOT become a Couch Potato at their age. In their PBL classes, they are working on games that can keep children of their age active. They had an interesting talk

by our Sport's Director-Mr. V. Venkateswar Rao who helped children choose the right kind of food and gave many tips on the exercises they can do which can keep them active. The session ended with a pledge to remain fit and fine.

THE WORLD IS MY CLASSROOM!

We have registered for the prestigious International School Award (ISA) with the aim of providing broader array of cultural representation and introducing an international dimension to our teaching learning process. As part of this project we undertook a collaborative activity with Beacon Academy, Jakarta. The students of Grade XII had an interactive session with their Indonesian

counterpart via a Skype call on **Friday, 9th August**. Students shared the data and research that they had been working on—highlighting the impact of urbanization on the Nehru Zoological Park, Hyderabad and Ragunan Zoo, Jakarta. Students were engaged with one another asking for information, evaluating their ideas and monitoring their work together. This discussion not only fostered their critical thinking skills but also improved their social interaction promoting diversity in the virtual classroom.

BUDDING CARTOGRAPHERS

Are you lost, do you find difficulty in locating classrooms? Grade IV children came up with a solution. They made floor maps and in the process learnt map skills. So, next time you are in the Kalam Block and are lost, just trust the floor maps put up near all the staircases and find your way.

CAREER FAIR

Suchitra Academy hosted 14 renowned Indian and Canadian universities on **Saturday, 10th August**. The parents and children of other schools were also invited for the career fair. The university representatives helped the children understand the process of admission through one to one interaction. The University of Waterloo in

Canada, NarsiMonjee from Mumbai, Flame University from Pune were some of the universities who had put up stalls.

RAKSHA BANDHAN ACTIVITY

Students of Nursery to Grades 2, Stages 1 and 2 were engaged in Rakhi making today. They made beautiful Rakhis and promised their teachers to create new bonds.

CELEBRATING INDEPENDENCE DAY THROUGHOUT THE WEEK

Students came together expressing their notions, emotions and patriotism towards their country and what a build-up it was! From children writing what they love about India, what they

envision for India on slips of paper symbolizing the Flag colours; to young voices raised in harmony along corridors; from coming dressed in flag colours to patriotic songs playing in the back ground in the lunch hall.

GAMIFICATION!

Grade IV students concluded their PBL Inquiry by setting a **GAME FAIR** in the campus on **Wednesday, 14th August**. And what has a game to do with their PBL?

The games have come up as instruments to keep children active and to make them stay away from phones, TVs, videogames and everything that can make them Couch Potatoes.

We thank all the parents for attending the PBL Presentation. And parents you know how capable your children are, next time they ask for phones, ask them to invent a game that keeps them active.

WE ARE VERY PROUD – JAPAN HERE THEY COME!

We are happy to inform you that Devansh Mehta and Puneeth of Grade XI have been selected for a Student Exchange Programme in Japan. They are the recipients of the Asia Kakehashi Project to Japan FOR A PERIOD OF 7 MONTHS STAY, fully sponsored by the Ministry of Japan. They had an excellent pool of applicants this year. The selection process to participate in this program was extremely difficult, based on their academic performance and telephonic round of interview. Their successful candidacy shows that they have the personal and academic qualities needed as a youth ambassador from India to Japan. This program will help develop global competence of Japanese high school students through intercultural experiences and also provide Asian high school students educational and cultural experiences in Japan. They leave for Japan on 19th August 2019. We wish them a very successful journey into the unknown.

15TH AUGUST CELEBRATIONS

The 73rd Independence Day was celebrated by the management, teachers and the students with great enthusiasm and happiness. The flag hoisting followed by the National Anthem enhanced the patriotic feeling in

the hearts of all present there. The main highlight of the day was the special assembly presented by the students of Grades IX A and B with great patriotic fervour. The presentation commenced with the rhythmic and melodious ‘VandeMataram’ enchanting the gathering with the spirit of freedom and nationalism. Through a spectrum of dance –

drama and recitation, the ethos of integrity and nationalism was yet again pledged, reminding the youth of their responsibilities towards their motherland. The theme of the programme – India after Independence, was an attempt towards reflecting and focusing more on our duties as a citizen of the nation rather than our rights.

NEW KITCHEN INAUGURATION

On the occasion of 73rd Independence Day our Managing Trustee, Mr. Praveen Raju conducted a formal pooja to mark the opening of the state of the art kitchen facility in Suchitra Academy in compliance with ISO 22000 standards. The Kitchen would be fully functional by the end of this month.

A STAR IN THE MAKING!

Pradyumna, our student of Grade IX did us proud with the launch of his music album; Fundamentals. This was done in the school in the presence of the esteemed gathering on Thursday, 15th August. His first song- Yeh Hai India, is an Indian Sojourn commemorating the 73rd Indian Independence Day.

OUR ACHIEVERS

Assistant Editor	Karishma Agrawal
Photo Journalist	M. Lokesh Naidu
Photo Journalist	Anvi Agarwal

FORTHCOMING EVENTS

24th August, Saturday

: Holiday-Janmashtami

30th August, Friday

: Field trip IX

Dear parents we are trying to give our children a school experience like none other. Our news letter, Almanac, FB postings, Insta accounts are witness to that but more than that your children must be coming back home and excitedly sharing with you the day's happenings.

The news letters written painstakingly to cover all that goes into a school day, I hope, are read by you!

My team here often wonders if you make time to do that.

It would be lovely if I could get a response or two from you acknowledging our efforts and hard work in bringing out these editions without fail every fortnight!

I will sincerely look forward to that !

Cheers!

Warm Regards

Sincerely

RenuShorey
